Two-Thirds of Minnesota Voters Support The Federal Scholarship Tax Credit Program

67% of Minnesota Voters Support Minnesota Opting-In to the Program

STRONG, BIPARTISAN SUPPORT FOR FEDERAL TAX CREDIT SCHOLARSHIP PROGRAM

- **Sixty-nine percent (69%)** of Minnesota voters say it is important that the next governor opts Minnesota in to the program.
- **Seventy percent (70%)** of Democrats support Minnesota participating in the program; followed by 65% of both Republicans and Independents.

MINNESOTA VOTERS VIEW EDUCATION AS ESSENTIAL TO THEIR COMMUNITIES

- **Two-thirds (67%)** of voters support Minnesota participating in the Federal Tax Credit Scholarship Program.
- **Eighty-five percent (85%)** of voters say it is important that families have access to resources beyond what current school budgets provide.
- Minnesota voters favor opting in to the program over staying out, by **more than four to one**.

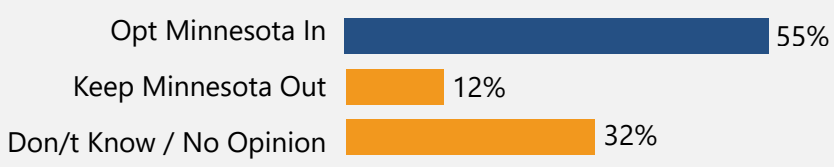

WHY DO MINNESOTA VOTERS SUPPORT THE FEDERAL TAX CREDIT PROGRAM

- **61%** of voters say learning that public school students may also benefit makes them more supportive of the program.
- **59%** of voters are more likely to support the program knowing that it is funded entirely through private contributions and does not rely on state funding.
- When asked what aspects of the Federal Scholarship Tax Credit program are most appealing, Minnesota voters said:
    - **31% -** gives families additional educational resources to help children succeed.
    - **21% -** benefits students in public, private, charter and faith-based schools.
    - **19% -** lets taxpayers support education through voluntary charitable giving.
    - **16% -** brings new, private investment into local communities without reducing public school funding.

SUPPORT FOR THE PROGRAM TRANSLATES INTO REAL DOLLARS

- **More than 4 in 10 voters (44%)** say they would likely donate to the program if Minnesota opts in.
- **Over half (51%)** of Minnesota voters say a candidate's position on the program is important to their vote for governor, including 19% who say it is very important.

A MAJORITY OF MINNESOTA VOTERS WANT THE NEXT GOVERNOR TO OPT IN

Methodology: This survey was conducted online October 6–10, 2026, among a statewide sample of 1,001 registered voters in Minnesota. Results were weighted and have a margin of error of +/-3 percentage points.

This poll was conducted by Morning Consult on behalf of Invest in Education Coalition.
